Because of our wonderful customers we were recently able to donate \$25,000 to Operation Finally Home. OFH is a charity that builds homes for disabled American Veterans in a time of need. The homes are custom made to the Veteran's disability and they build more than 30 homes per year for those who served to protect our freedom. We are honored to work with such a wonderful organization and thank you to everyone who supports our mission of giving back to Veterans.

You can learn more about Operation Finally Home at their website below.
